RICHEY MAY
ANALYZE
WHAT CAN YOU CONNECT TO?

How much time do you have? With over 600 connectors and dedicated development resources, we can connect to virtually any system, platform, network or file. Below are some representative examples, not an exhaustive list.

LOS, Pricing & Document Signing
Track milestones, performance, pricing, stips, signing progress and more key loan data.

Encompass by EllieMae · LENDINGqb · ByteSoftware · DocuSign

CRM, Social Media & Advertising Platforms
Dig into customer engagement, interactions, touch points and campaign effectiveness. Track website traffic, SEO success and advertising ROI.

salesforce · TotalExpert · Velocify · surefire by top of mind · Marketo An Adobe Company · Microsoft Dynamics 365 · HubSpot · Google Analytics · Infusionsoft · Spredfast · hearsay social · MOZ · facebook · LinkedIn · Twitter · YouTube · Google Ads

Database, Storage, Collaboration & Productivity
Track file storage capacity and pull data from specific files. Analyze usage of your virtual meeting tools and pull attendance lists. Connect to your own server or large datasets as needed.

box · Dropbox · Microsoft SQL Server · Office 365 · SharePoint · GoToMeeting · zoom · Cisco webex · Azure

Helpdesk, Ticketing & Identity Management
Set and track SLAs for helpdesk. Manage identity and log in with SSO via Okta.

zendesk · servicenow · okta

Finance, Reimbursements & P&Ls
Analyze financial performance and power other datasets with results measured in $$$. Provide limited access to let managers track their teams, even if your system doesn't allow for it natively.

AMB ACCOUNTING FOR MORTGAGE BANKERS · CONCUR · intuit quickbooks · Adaptive Insights · Loan Vision · Expensify · Anaplan

Human Resources, Recruiting & Staffing
Examine staffing trends, unify naming conventions, track performance reviews and more.

ADP · bambooHR · workday · zenefits

Custom Connectors & Hundreds of Others!
We have developed custom connectors and apps for specialty software and internal initiatives. Scoreboards, seating charts, recruiting trackers and customized goal setting apps are all examples of what we can accomplish.
